CONCEPT NOTE

Academic Writing is the most interesting as well as a tumultuous process of any research endeavour. The process of writing an academic paper or dissertation can be extremely different from other types of written English. Writing academically implies having a structured, evidence based and formal tonality. Researchers often lack the specific skill sets to plan the writing process systemically owing to negligence of training in writing skills at different educational levels. The lack of writing study centers make the situation more grim.

In this backdrop, the present Faculty Development Programme on "Academic Writing" aims to train the participants with the different skills beneficial for academic writing. Even though each discipline may have a range of writing conventions, vocabulary and discourse

there are certain components of the process which are common to every subject area. The present Faculty Development Programme will contour these aspects to systematize and thereby facilitate streamlining of the entire writing process. The Programme plans to equip the participants with the major components involved in writing a dissertation or a research paper. There will be an in-depth discussion around the intricacies of making a research proposal, and participants will be exposed to the techniques of managing their data and referencing using different applications. The overall objective of this FDP is to blend the ICT applications in the process of writing to make the process seamless and enjoyable.

THEMATICS

- Components of a Ph.D report and research paper
- Formulating a Research Proposal
- Managing data with Mendeley database
- Referencing with Mendeley
- Plagiarism and In-text and referencing in Academic documents
- Editor and review: Research paper submission process

EXPECTED LEARNING OUTCOMES

The Programme will be able to facilitate the participants:

- Build and nourish the ability to appropriately frame and structure a research argument
- Understand the nuances of writing different sections of an Academic document
- Probe into the multiple aspects of research ethics
- Understand the process of publishing and submitting an academic document

RAMANUJAN COLLEGE

Ramanujan College is a constituent College of the University of Delhi (DU). It is inspired by the life and work of Srinivasa Aiyangar Ramanujan, one of the world's greatest mathematicians. The College has been accredited Grade "A" by the National Assessment and Accreditation Council (NAAC) in its First Cycle. It is located in the well-known area of Kalkaji, near Nehru Place, in South Delhi.

The College was established in 1958 as an evening college for boys with just five programmes. Since 2010, Ramanujan College has been expanding and now with the latest addition of B.Sc. Environmental Sciences (Hons) in 2020, it at present offers sixteen undergraduate programmes in different disciplines. This achievement, in alignment to the recommendations of the National Education Policy (NEP) 2020, makes the College a centre for interdisciplinary studies and research with a future focus on blended learning. It has gradually grown into a self-sufficient and self-reliant institution owing to its academic vigour and intellectual capital.

Ramanujan College was awarded the Deen Dayal Upadhyay - Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood (DDU KAUSHAL) Kendra in 2016 by the UGC, under which two vocational courses were started in Banking Operations and Software Development.

This Course was uploaded on MoE's Massive Open Online Course (MOOC) platform SWAYAM and many participants registered for it.

Ramanujan College offers various short-term diploma, certificate, and executive development programmes on contemporary and skill-oriented themes. These are conceived and designed by faculty members in consultation with external experts. The courses get exceptional response from the students and are conducted throughout the academic session. They are open to alumni and students of all the colleges. Some of these courses support the curriculum, some prepare the students for higher studies and also accelerate the professional growth.

The College is the Study Centre of School of Open Learning (SOL), Non-Collegiate Women Education Board (NCWEB) and Indira Gandhi National Open University (IGNOU) for various courses. As an initiative towards students and teachers exchange programmes, the College has entered into Memorandum of Understanding(s) with foreign universities.
