RAMANUJAN COLLEGE

Ramanujan College, a constituent College of the University of Delhi was established in 1958 as an evening college. The College has been accredited Grade “A++” by the National Assessment and Accreditation Council (NAAC) in its Second Cycle.

At present, Ramanujan College offers sixteen undergraduate programmes in different disciplines. Besides this, the college has been awarded the DDU KAUSHAL (Deen Dayal Upadhyay - Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood) Kendra (2016) by UGC and Teaching Learning Centre (2017) by Ministry of Education. The College also offers short-term diploma, certificate, and executive development programmes on contemporary and skill-oriented themes to complement the regular graduation courses. It is also the Study Centre of School of Open Learning (SOL), Non-Collegiate Women Education Board (NCWEB) and Indira Gandhi National Open University (IGNOU) for various courses.

In 2018, the College conducted a Course on Human Rights, Environment and Ethics through its National Resource Centre (NRC), under the Annual Refresher Programme in Teaching (ARPIT) scheme of MoE. The College has also entered into Memorandum of Understanding(s) with foreign universities. It is also working for collaboration with other higher education institutions located in remote areas of the country, under the Vidya Vistar Scheme of the University of Delhi.

In pursuit of its vision: “Discover, Empower, Transform: Building A Better World”, Ramanujan College is working towards the recommendations of the National Education Policy (NEP) 2020. The objective is to make the College a centre for interdisciplinary studies and research with a future focus on blended learning.

TEACHING LEARNING CENTRE, RAMANUJAN COLLEGE

Teaching Learning Centre (TLC) is mandated by the Ministry of Education (MoE) to organise Faculty Development Programmes (FDPs), Faculty Orientation and Induction Programmes (FIPs), discipline specific and interdisciplinary Refresher Courses, conferences, workshops, through offline and online modes. These programmes are based on in-depth subject knowledge, quantitative and qualitative research methodologies, and on an interdisciplinary approach as is envisaged in the National Education Policy (NEP), 2020.

The TLC, Ramanujan College has been set up with the aim of "Reaching the Unreached" teachers in terms of regional diversity and geographically remote areas of the country. It has successfully conducted more than hundred learner-centric programmes since October 2017 and trained over one lakh teachers across the country in various discipline specific and interdisciplinary programmes.

In the TLC Programmes distinguished and internationally acclaimed resource persons deliver lectures and conduct sessions on wide ranging disciplines/topics of relevance in the contemporary and ever evolving global scenario to benefit the teaching fraternity, corporates and researchers. The sessions are also uploaded for larger audiences on the official YouTube Channel of the College.

Ramanujan College is a pioneer in offering offline/online courses for faculty members of higher education institutions and research scholars through the customised Learning Management System (LMS), designed by the College's Research Development and Services Cell. It is predominantly participant-friendly and incorporates evaluation methods and comprehensive feedback systems to judge learning outcomes. The LMS is hosted on CLOUD with high scalability and reliability. The College has installed its own Cloud Infrastructure to host its servers for research and data analysis.

CONCEPT NOTE

The ongoing technological changes and the current pandemic has shifted the academic community to engage with students through online spaces and develop innovative teaching-learning methods. This shift has come with its own set of issues and challenges. There is now a revived focus on developing pedagogies which are both engaging, inclusive and cater to the needs of 21st century life-long learner. Effective teaching strategies need to be devised and implemented that take care of multiple learning styles to benefit the student fraternity.

This Online Faculty Development Programme is diligently planned around developing the foundational knowledge needed to train the teachers to address the rapidly changing educational needs and devise ways to make their teaching more learner-centric. The participants will be acquainted with teaching-learning methods which facilitate independent, critical and creative thinking among

the students. The participants will be familiarized with advanced pedagogical techniques namely flipped classroom, micro – teaching, personalized teaching, project-based learning, peer and collaborative learning. These techniques will combine creativity and design thinking with special impetus on innovation. The programme will focus on the use of technological tools which can help in revitalizing the way content is delivered with special attention to the interests and learning capabilities of students.

The programme intends to explore the different models of learning and dive into key issues that impact students, teachers, and institutions of Higher Education. Specifically, we plan to look at these issues by integrating the conceptual backgrounds and different schools of pedagogical development with the technological applications used for building an interactive and effective learning curriculum.

Overall, the Faculty Development Programme is an effort to probe into the different limitations which Faculties of Higher Education face and find the alternatives to overcome them by focusing on the fundamentals that have the greatest impact on student learning in a blended or online environment.

THEMES

- Flipped classroom
- Personalized learning
- Micro-teaching methods
- Concept mapping
- Strategies for improving peer-to-peer learning experience
- Blended learning model
- Think-pair-share strategies

EXPECTED LEARNING OUTCOMES

After successful completion of the online program, the participants will be able to:

- Gain better understanding of student-centric learning methods
- Explain different methods to be used in classroom
- Utilize important technological tools to enhance the teaching learning process
- Better guide and motivate students
