About Ramanujan College (University of Delhi)

Ramanujan College is a constituent College of the University of Delhi (DU). It is inspired by the life and work of Srinivasa Aiyangar Ramanujan, one of the world's greatest mathematicians. The College has been accredited Grade "A" by the National Assessment and accreditation Council (NAAC) in its First Cycle. It is located in the well-known area of Kalkaji, near Nehru Place, in South Delhi.

The College was established in 1958 as an evening college for boys with just five programmes. Since 2010, Ramanujan College has been expanding and now with the latest addition of B.Sc. Environmental Sciences (Hons) in 2020, it at present offers sixteen undergraduate programmes in different disciplines. This achievement, in alignment to the recommendations of the National Education Policy (NEP) 2020, makes the College a centre for interdisciplinary studies and research with a future focus on blended learning. It has gradually grown into a self-sufficient and self-reliant institution owing to its academic vigour and intellectual capital.

Ramanujan College was awarded the Deen Dayal Upadhyay Knowledge Acquisition and Upgradation of Skilled Human Abilities and Livelihood (DDU KAUSHA L) Kendra in 2016 by the UGC, under which two vocational courses were started in Banking Operations and software Development. The College has conducted a Course on Human Rights, Environment and Ethics through its National Resource Centre (NRC), under the Annual Refresher Programme in Teaching (ARPIT) scheme of Ministry of Education (MoE). This Course was uploaded on MoE's Massive Open Online Course (MOOC) platform SWAYAM and many participants registered for it.

Ramanujan College offers various short-term diploma, certificate, and executive development programmes on contemporary and skill-oriented themes. These are conceived and designed by faculty members in consultation with external experts.

The courses get an exceptional response from the students and are conducted throughout the academic session. They are open to alumni and students of all the colleges. Some of these courses support the curriculum, some prepare the students for higher studies and also accelerate professional growth.

The College is the Study Centre of School of Open Learning (SOL), Non-Collegiate Women Education Board (NCWEB) and Indira Gandhi National Open University (IGNOU) for various courses. As an initiative towards students and teachers exchange programmes, the College has entered into Memorandum of Understanding(s) with foreign universities. It is also working for collaborate with other higher education institutions located in remote areas of the country, under the Vidya Vistar Scheme of the University of Delhi.

The prestigious Teaching Learning Centre was awarded to Ramanujan College in 2017 by the Ministry of Education, under the Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching (PMMMNTT) scheme.

In pursuit of its vision: "Discover, Empower, Transform: Building A Better World", Ramanujan College is today perceived as one of the best colleges in the country.

About The Course

The Planet is undergoing crisis from climate change, pollution, loss of biodiversity, depletion of resources, disruption of ecological balance. Continuing with unsustainable development, the more severe will be the consequences. It is high time to take action to repair the damages that humanity has done to the planet. It is the responsibility of one and all to inculcate the seed of sustainability among the students being the youth and the future of the nation. Once, the youngsters understand the problem and are empowered to take appropriate actions, they can truly make a difference.

The Ramanujan College in Collaboration with ESG Research Foundation is launching this Course on **ESG and Sustainability Literacy** focusing on the value of fostering and preserving the nature and its resources to protect the planet from further deterioration. The Course has been designed to empower students and teachers with the knowledge and skills needed to create a positive impact on our planet and society. With these skills and materials, the participants will be able to gain an overview of the key issues related to sustainability and adopt sustainable practices in their daily life. This initiative will not only help in saving our mother Earth but also will help the students in building their careers in the field of Sustainability.
