TEACHING LEARNING CENTRE RAMANUJAN COLLEGE

Teaching Learning Centre (TLC) is mandated by the Ministry of Education (MoE) to organise Faculty Development Programmes (FDPs), Faculty Orientation and Induction Programmes (FIPs), discipline specific and interdisciplinary Refresher Courses, conferences, workshops, through offline and online modes. These programmes are based on indepth subject knowledge, quantitative and qualitative research methodologies, and on an interdisciplinary approach as is envisaged in the National Education Policy (NEP), 2020.

The TLC, Ramanujan College has been set up with the aim of "Reaching the Unreached" teachers in terms of regional diversity and geographically remote areas of the country. It has successfully conducted more than hundred learner-centric programmes since October 2017 and trained over one lakh teachers across the country in various discipline specific and interdisciplinary programmes.

In the TLC Programmes distinguished and internationally acclaimed resource persons deliver lectures and conduct sessions on wide ranging disciplines/topics of relevance in the contemporary and ever evolving global scenario to benefit the teaching fraternity, corporates and researchers. The sessions are also uploaded for larger audiences on the official YouTube Channel of the College.

Ramanujan College is a pioneer in offering offline/online courses for faculty members of higher education institutions and research scholars through the customised Learning Management System (LMS), designed by the College's Research Development and Services Cell. It is predominantly participant-friendly and incorporates evaluation methods and comprehensive feedback systems to judge learning outcomes. The LMS is hosted on CLOUD with high scalability and reliability. The College has installed its own Cloud Infrastructure to host its servers for research and data analysis

CONCEPT NOTE

Democracy and rule of law are not only interlinked, but mutually reinforcing. Democratic processes and institutions are closely linked with government responsiveness to the needs and interests of the maximum number of its citizens. The present Refresher Course will focus on discussions around how we understand 'democratic state' through an examination of contemporary debates that are integral to Indian democracy, democratic institutions and rule of law.

The themes are woven around concerns of representation, recognition and redistribution as they present themselves in specific contexts of inequality and domination. These issues become entry points for looking at how law responds to or manifests engagement with contemporary concerns in democracy. A spate of laws in recent years, brought in as essential measures to address extraordinary situations, impact upon procedural and substantive aspects of democracy, and more importantly making it permissible for democracy to be deferred in some cases for reasons of state and corresponding notions of collective security.

THEMATICS

- **Indian Constitution and Democracy**
- **Freedom of Speech and Expression**
- **Citizenship, Laws and Institutions**
